REPORT ON POSSIBLE EMPLOYMENT OF OSIPOV
AFTER ASSUMPTION OF U.S. CITIZENSHIP

From: NEW YORK

To: MOSCOW

No: 750

VICTOR.

In connection with OSIPOV's ^{assuming U.S.} taking the citizenship of the COUNTRY [STRANA] [i] we advise: OSIPOV endeavoured to get through his connections in CARTHAGE [KARFAGEN] [ii] (Senator GUFFEY [iii], Princess ELTAUZINA [iv] -- GRANT's [v] granddaughter, EARLE [vi]) a position in the BANK [vii]. [His] [a] knowledge of languages and the countries of EUROPE will help him to consolidate himself there and in time to arrange for himself an interesting spot. In a conversation on these matters O. declared that first of all it behoved [him] [a] to declare to his wife that he had broken with us, for she is a great patriot of the COUNTRY and his working at the BANK and simultaneous co-operation with us "[she] [a] might look upon [D] as contradictory". If from some causes or other a placement in the BANK should not work out, he will try to get in "IZBA" [viii]. In case he cannot enter government service he will secure an appointment with a firm [3 groups unrecovered] to the PROVINCE [PROVINTSIYA] [ix]. O. again adverted to the question of his taking our citizenship, irrespective of [D] the fact that he ~~is asking for her acquisition~~ ^{U.S.} the citizenship of the COUNTRY.
